ENSEMBLE LEMNISCATE & TRISTERO PIANO TRIO

**Ensemble Lemniscate presents:**

## *Swingers Club N° 2*

with **Tristero Piano Trio (Helsinki)**

New music travels abroad!

In our Swingers Club concert series, Ensemble Lemniscate exchanges musical ideas and identities with internationally-established ensembles and brings them to Basel!

Each ensemble has its own identity and aesthetic preferences. Working together with composers and rehearsing works that are close to the aesthetic of each ensemble create artistic bubbles within which the musicians move.

This is exactly where this project comes in:

Using their repertoire, Lemniscate curates a program for Tristero and vice versa!

Both ensembles must therefore deal with “foreign” aesthetic approaches!

And where would such an evening be without a happy ending? Of course, both ensembles will also be on stage, swinging together!

Of course in the artistic-musical sense!
